PROFESSIONAL SUMMARY

Front-End Developer with 1+ year of experience building modern, scalable, and responsive web applications using React.js and Next.js. Proficient in TypeScript, Tailwind CSS, and component-based architecture. Experienced in integrating RESTful APIs, managing application state, and delivering clean, maintainable code. Passionate about performance optimization, UI/UX best practices, and continuous learning.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Bootstrap, Zustand, TanStack Query, React Hook Form, Zod, Framer Motion, Recharts, Axios

Tools & Platforms: Git, GitHub, Vercel, VS Code, REST APIs, Responsive Design, SEO Basics

Concepts: Component-Based Architecture, State Management, Context API, React Hooks, Performance Optimization, Cross-Browser Compatibility

PROJECTS

•Personal Portfolio Website

Apr 2025 – May 2025

Responsive personal portfolio built with React.js and Tailwind CSS to showcase projects and skills.

hamdishehab.dev

- Designed and developed a fully responsive single-page portfolio with smooth navigation and clean UI.
- Applied performance optimization techniques to achieve high Lighthouse scores across all metrics.
- Technologies: React.js, Tailwind CSS, JavaScript

•3OTOR – Luxury Fragrance E-Commerce Platform

Jan 2026 – Mar 2026

Full-featured e-commerce platform for luxury fragrances built with Next.js and TypeScript.

3otor.shop

- Built advanced product filtering, wishlist, cart, and checkout flows for a seamless shopping experience.
- Developed a fully integrated orders and returns system managing the complete user purchase lifecycle.
- Created an admin dashboard supporting product management, promotions, shipping control, and analytics.
- Applied SEO best practices, clean architecture, and scalable code patterns throughout the project.
- Technologies: Next.js, TypeScript, Tailwind CSS

•MovieHub – Movie & Series Discovery App

Jul 2025 – Aug 2025

React-based application for browsing movies and series with search, filtering, and wishlist features. movie-hub-theta-blue.vercel.app

- Integrated a public movie API to fetch and display dynamic content including movies, series, and details.
- Implemented global state management using Context API, supporting wishlist and dark/light mode toggle.
- Built search and region-based filter system with URL params to support shareable filtered views.
- Technologies: React.js, Context API, React Router DOM, Tailwind CSS, REST API

•Smart Moon ERP – Enterprise Resource Planning System

Dec 2025 – Present

Comprehensive ERP system for small and medium-sized businesses covering core operations end-to-end. smart-moon-erp.vercel.app

- Developed modules for inventory management, point-of-sale, procurement, accounting, and HR.
- Built interactive analytics dashboards with charts, exportable PDF and Excel reports, and real-time data.
- Integrated Fuse.js for advanced search, Sentry for error monitoring, and Framer Motion for animations.
- Technologies: Next.js 16, React 19, TypeScript, Tailwind CSS 4, Radix UI, TanStack Query, React Hook Form, Zod, Zustand, Recharts, jsPDF, xlsx, Fuse.js, Sentry, Framer Motion

•Edraak – Educational Management System

Jan 2026 – Present

Integrated platform for managing teachers, students, and academic workflows in educational institutions.

- Built modules for attendance tracking, academic performance monitoring, and a comprehensive grading system.
- Implemented teacher-parent communication features and detailed student progress reporting.
- Developed drag-and-drop scheduling functionality using DnD Kit for intuitive academic planning.
- Technologies: Next.js 16, React 19, TypeScript, Tailwind CSS 4, DnD Kit, Radix UI, TanStack Query, React Hook Form, Zod, Zustand, Recharts, Axios, date-fns

WORK EXPERIENCE

•Front-End Developer – Freelance

Dec 2024 – Present

Self-Employed

Egypt

- Developed and delivered responsive web interfaces for clients using React.js and Next.js.
- Built reusable UI component libraries to maintain consistency and accelerate development across projects.
- Integrated third-party REST APIs and managed application state using Context API and Zustand.
- Ensured cross-browser compatibility and mobile responsiveness across all delivered projects.
- Collaborated with clients to translate requirements into clean, maintainable front-end solutions.

EDUCATION

•Bachelor of Science in Computer Science and Information Technology

Sep 2022 – Jun 2026 (Expected)

Kafr El-Sheikh University

Kafr El-Sheikh, Egypt

TRAINING & CERTIFICATIONS

•ITI Tanta – Front-End Development Training

Summer 2024

- 120 hours of hands-on training covering HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS, and React.js.

•ITI Beni Suef – Front-End Development Training

Summer 2025

- 90 hours of practical training covering HTML5, CSS3, JavaScript (ES6+), Bootstrap, TypeScript, and React.js.

•Rowad Misr Al-Raqamia – Digital Egypt Pioneers Initiative

- National digital training program focused on front-end web development and professional skills.

•IEEE Kafr El-Sheikh – Web Development Foundational Course

- Completed foundational training in HTML5, CSS3, and JavaScript (ES6+).
